

# ANNADALE FINISHING SYSTEMS (2003) INC.

# FIRST AT THE FINISH LINE

ANNADALE PROVIDES MANUFACTURING AND PROCESSING INDUSTRIES WITH INNOVATIVE AND RELIABLE CUSTOM-ENGINEERED SOLUTIONS FOR YOUR COATINGS APPLICATION AND FLUID HANDLING CHALLENGES. IT IS OUR INTENT TO PROVIDE OUR CUSTOMERS WITH IMPROVED PRODUCT QUALITY, REDUCED OPERATING COSTS, INCREASED PRODUCTIVITY AND IMPROVED FINISHING EFFICIENCY.

- MECHANICAL & ELECTRONIC PLURAL COMPONENT PROPORTIONING
- CONVENTIONAL, HVLP, AIRLESS, AIR ASSISTED AIRLESS, MANUAL & AUTOMATIC SPRAY GUNS
- MANUAL & AUTOMATIC ELECTROSTATIC SPRAY GUNS
- PAINT & SOLVENT SUPPLY PUMPS
- DIAPHRAGM PUMPS & CONTROLS
- PAINT CIRCULATION SYSTEMS
- SEALANT PUMPS & CONTROLS
- ADHESIVE PUMPS & CONTROLS
- OIL & LUBRICATION EQUIPMENT
- METERING & DISPENSING EQUIPMENT

- MANUAL & AUTOMATIC HOPPER OR AIR FLUID BOX FEEDER SPRAY UNITS
- POWDER SPRAY BOOTHS & RECLAIM SYSTEMS
- POWDER PAINT VACUUMS

- CONVENTIONAL & HVLP SPRAY GUNS
- PAINT CUPS & PRESSURE POTS
- PAINT FINISHING PUMPS

- CONVENTIONAL & HVLP SPRAY GUNS
- PAINT CUPS & PRESSURE POTS

- CONVENTIONAL & HVLP SPRAY GUNS
- PAINT CUPS & PRESSURE POTS

- INDUSTRIAL LIQUID & POWDER SPRAY BOOTHS
- AUTOMOTIVE & TRUCK SPRAY BOOTHS

#### INFRARED CURING SOLUTIONS:

- FLAMELESS GAS CATALYTIC, ELECTRIC CERAMIC, ELECTRIC QUARTZ, ELECTRIC TUBULAR ELEMENT, ELECTRIC HALOGEN, CUSTOMIZED CONTROL PACKAGES

- SOLVENT RECLAIM / RECYCLER SYSTEMS
- PARTS, TOOLS & SPRAY GUN WASHERS

- CONTRACTOR, PROFESSIONAL & INDUSTRIAL MODELS
- DESSICANT & REFRIGERATED AIR DRYERS

- DIRECT FIRED AIR MAKE UP UNITS
- 1,200 TO 120,000 CFM, 120° TEMPERATURE RISE
- ELECTRIC, STEAM, HOT WATER, CHILLED WATER, DX SYSTEMS AND EVAPORATIVE COOLERS

- INDUSTRIAL, TIER ONE & AUTOMOTIVE PAINTING ROBOTS
- PLC INTEGRATION AND SYSTEM CONTROLS

## ENGINEERED COATINGS APPLICATION SYSTEMS

### INSPIRATION, INNOVATION & INSTALLATION

#### PRE-TREATMENT

Multi stage washers, (alkalines, phosphates, conversion coatings, sealers and rinses) custom designed spray systems to improve under paint corrosion resistance and enhance paint adhesion.

#### SPRAY BOOTHS

Custom designed down, cross and side draft dry filter spray booths with effective airflow to remove airborne particulate and provide optimum paint transfer efficiency. High production water wash booths (with centrifuge options) offering efficiency and low maintenance. Batch style booths available with spray and bake features. Powder booths in spray to waste or reclaim systems.

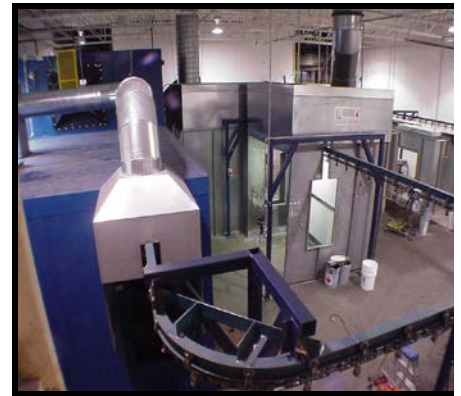

#### OVENS

Engineered ovens to preheat, dry, flash off and cure. Utilizing: direct gas fired convection, gas or electric infrared and ultraviolet. Available in batch or continuous production style. We will recommend the optimum technology to enhance your operating efficiencies and production rates while keeping your energy and operating costs under control.

#### AIR MAKE UP

Air replacement units sized to meet your air, temperature and humidity needs. Designed to minimize space and weight requirements.

#### CONVEYORS

Overhead, floor mounted, inverted and power and free conveyors are designed to increase your productivity by making optimum use of the available space and improve material flow. Available in constant or variable speed drives.

#### AUTOMATION, INTEGRATION & CONTROLS

Control, monitor and reporting packages to enhance production line efficiency and productivity, reduce operating costs and downtime.

Integration of your pretreatment system, spray booths, conveyor, dry off and cure ovens, air make up, fluid handling equipment, atomization tools, robots, interlocks, e-stops. Complete with direct dial modems to facilitate off site troubleshooting and programming.

#### ADDITIONAL PRODUCTS

PROCESS PIPING  
REVERSE OSMOSIS  
BREATHING AIR SYSTEMS

FIRE SUPPRESSION SYSTEMS  
WASTE WATER TREATMENT  
RECIPROCATORS

AIR COMPRESSORS  
SAFETY STORAGE CABINETS  
PAINT KITCHENS & MIX ROOMS

ENCLOSURES & CLEAN ROOMS  
MANUAL & AUTOMATED BLAST SYSTEMS  
TESTING & CONTROL EQUIPMENT

#### ADDITIONAL SERVICES

PREVENTATIVE MAINTENANCE PROGRAMS  
MINISTRY OF THE ENVIRONMENT APPLICATIONS  
ELECTRICAL, MECHANICAL & GAS INSTALL

CHEMICAL, WATER & AIR PROCESS INSTALL.  
PRESTART HEALTH & SAFETY REVIEWS  
IN HOUSE & IN PLANT SERVICE

ON SITE PROCESS EVALUATIONS  
ENGINEERING SERVICES  
T.S.S.A. COMPLIANCE & APPLICATIONS

ANNADALE WOULD APPRECIATE THE OPPORTUNITY OF WORKING WITH YOUR ENGINEERING, PRODUCTION, PURCHASING AND MAINTENANCE TEAMS FROM THE SYSTEM CONCEPT STAGE THROUGH TO INSTALLATION, START UP AND TRAINING.
